

## LETTER FROM THE EDITOR-IN-CHIEF

My Dear Colleagues and Friends:

It is my pleasure once again to bring you the latest issue of the *Journal of Sustainable Development in Africa*.

This issue features interesting and thought provoking articles such as: 1) COVID-19 PANDEMIC AND POVERTY IN NIGERIA; 2) ANALYSIS OF INFORMAL CREDIT WORTHINESS AND REPAYMENT POTENTIALS AMONG CASHEW NUT GATHERERS IN ISUIKWUATO LOCAL GOVERNMENT AREA OF ABIA STATE, NIGERIA; and 3) ENVIRONMENT AND SUSTAINABLE DEVELOPMENT IN NIGERIA and others. These articles are excellent additions to the knowledge on sustainable development efforts/works in Nigeria. The ideas are very significant works that can be emulated across Africa.

Thanks for your continued support.

Sincerely,

Valentine Udoh James. Ph.D.; CEI; CAQS  
Professor of Environmental Management, Planning and Policy
